

Beech Class Home Learning

Our topic this term is 'Where does food come from?'. Below are some tasks linked to our current learning. We would love to see any completed work or photographs. Have fun!

Help your adult to make a meal. Be careful and listen to the adult's instructions. 	Have a look at an analogue clock. Can you spot the hour hand and the minute hand? Look at how the hands move throughout the day so that we can tell the time. 	Have a look at the fruits in the supermarket. Where have they come from? 
Draw a story map of your favourite story. Can you retell the story using it? 	Spend 10 minutes each day reading with your grown up. This could be your phonics book which you read or a pleasure book which they read. 	Practise writing numbers. For larger numbers can you say how many tens and how many ones it has? 123
Draw a picture of your favourite meal and label it. 	Practise counting. Can you count forwards and backwards? Can you count in 2s, 5s and 10s? 	Go to the shop with your grown up and select a healthy snack. Can you find the correct coins needed to pay?
