### Toys Today

We all like to play with toys and today there are so many different types.

### Have a think

What toys do you have? What is your favourite toy?

Toys today are made using a range of different materials, they have to meet safety rules and due to advances in technology they can do clever and complicated things.

### Toy Timeline

### Victorian Toys

Victorian toys were usually made from wood, metal and paper. The toys that Victorian children had depended on how much money their family had.

Children from rich families played with toys such as clockwork train sets, toy soldiers, tea sets, rocking horses, dolls and dolls houses.

Children from poor families played with home-made toys such as peg dolls and wooden boats. Rags were stuffed with sawdust to make balls and toy animals. If they were lucky, poor children were sometimes bought cheap penny toys from the market.
